

Online Machine Learning School

25th – 29th of September, 2023

Days	Time (CEST)	Topic
Day 1 Sep 25, 2023	09:30-10:15	Introduction to Machine Learning Concepts and Tools Seminar (Prof. Dr. Nikolaos Koutsouleris)
	10:15-10:30	Discussion
	10:30-11:00	General information about the tutorials and the Kaggle competition
	11:00-12:00	Group tutorial: Introduction to NeuroMiner, cross-validation and preprocessing
	12:00-13:00	Break
	13:00-15:00	Tutorial continues at own pace using Kaggle competition data
	15:00-15:45	Group tutorial: Wrap up and question time
	16:00-17:00	Prof. Dr. Thomas Wolfers, University of Tübingen, Germany Parsing Individual Differences through Machine Learning
Day 2 Sep 26, 2023	09:30-10:15	Machine Learning Algorithms, Optimization & Multi-site Data Correction Seminar (Dr. Dom Dwyer)
	10:15-10:30	Discussion
	10:30-12:00	Group tutorial: Algorithms, optimization and multi-site correction
	12:00-13:00	Break
	13:00-15:00	Tutorial continues at own pace using Kaggle competition data
	15:00-15:45	Group tutorial: Wrap up and question time
	16:00-17:00	Theresa Willem, Technical University of Munich, Germany Ethics in Machine Learning
Day 3 Sep 27, 2023	09:30-10:15	Multi-modal Data Analysis & Fairness in Machine Learning Seminar (Dr. Paris Lalouis)
	10:15-10:30	Discussion
	10:30-12:00	Group tutorial: Feature selection and model application
	12:00-13:00	Break
	13:00-15:00	Tutorial continues at own pace using Kaggle competition data
	15:00-15:45	Group tutorial: Wrap up and question time
	16:00-17:00	Prof. Dr. Tong Wang, Yale University, USA An Introduction to Interpretable Machine Learning
Day 4 Sep 28, 2023	09:30-10:15	Transparent and Interpretable Machine Learning (Dr. Ariane Wiegand)
	10:15-10:30	Discussion
	10:30-11:30	FAQ with the NM developer – Prof. Nikolaos Koutsouleris
	11:30-12:00	Group tutorial: Interpretable machine learning
	12:00-13:00	Break
	13:00-15:00	Tutorial continues at own pace using Kaggle competition data
	15:00-15:45	Group tutorial: Wrap up and question time, reminder of Kaggle competition
	16:00-17:00	Prof. Dr. Munmun De Choudhury, Georgia Tech, USA Bias and Harms in Mental Health Measurement with Online Technologies
Day 5 Sep 29, 2023	09:00-12:00	Kaggle competition continues with access to tutors
	12:00-12:15	Submission of final ML results to Kaggle
	12:15-14:00	Winners prepare short slides outlining their strategy
	14:00-15:00	Presentation of Kaggle competition results, winners present strategy, and wrap-up of the machine learning school
